

How to Play

This game is in Japanese. Follow these instructions to get started.

This game involves pushing 16 buttons in time with the beat!

Press "START!" or scan your e-amusement pass to begin.

Press the bottom right button repeatedly and listen to the tutorial. A short practise song will play - Have a go at hitting the markers!

Pick from the 7 different song categories to get started: J-POP, Anime, Internet Music, Touhou Arrangements, Game music, classical and Konami originals. Press "NEXT" to proceed.

Use the left and right buttons to move through the selection. Touch artworks to hear a preview, and press "NEXT" when you are ready to play.

Upon choosing a song, the game finds people online for you to play against. Wait for this to pass, The game will begin in a moment!

Enjoy the game! It is probably best to start with a level 2 or 3 to begin with, but with a little practise you'll be one of the best!

Advanced Tip:

You can save your scores, skip the tutorial and more with a e-amusement pass, available from the front desk.

As you get better you may wish to play harder songs. To choose a level, press the top left button in song select, choose "LEVEL", wait a moment, choose a number between 1 and 10, and press "NEXT". The game will now show you each song that is the level you chose.
